ADVOCATING FOR TEACHERS & STUDENTS

tinyurl.com/AEAJoin22-23

"When we all work together to advocate for educators, we win! Last spring through the advocacy of members we secured a 5.5% salary increase; the largest in Aurora history! Being involved in your union ensures that your experience and voice are heard and valued."

Linnea, Elementary Teacher, AEA President

"I am in AEA because I believe that an educator's voice needs to be heard. When we work together to achieve a common goal, we can make great things happen. The increase in educator pay was greatly due to several people sharing their desire and their need for more compensation. Keep sharing what is important to you and find one way to support your union"

Kimberly, High School Literacy, Special Educator

"I am involved in AEA because, as a historian, I know that worker solidarity is the best tool for gaining power for the working class and we prove that time and time again when enough of us are willing to show up and fight."

Bryan, Hinkley History Teacher

"I believe it is important to belong to AEA so that we have a representative body that advocates for our needs. I am involved with the Bargaining Support Team to ensure that the team who represents us knows our priorities, and to communicate with members. I do this because when we work as a collective we are stronger. Supporting your union gives you a voice and power."

Jen, District Nurse

"I am a part of AEA because as educators we often give all we have to our students to make sure they have the very best, but we forget to do the same for ourselves. The struggles we all face daily are not defeated by each of us fighting them individually. It is when we all come together to demand change and stand up for what is right that we truly get the results we deserve! "

Jenn, Elementary Teacher
